

2022 Cabernet Sauvignon

Quintessence Vineyard | Red Mountain

At Copperfield, we believe great wines are shaped by the places they originate. Our small-lot production is centered on Red Mountain, Walla Walla Valley, and Royal Slope, selecting varietals that are best suited to each AVA's unique conditions. Every wine aims to express balance, purity, and the character of these exceptional Washington regions.

Quintessence Vineyard

Quintessence Vineyard sits high on the slopes of Red Mountain, where relentless sun, rocky soils, and steady winds shape some of the region's most distinctive fruit. Known for its precision farming and expressive blocks, Quintessence has earned a reputation for delivering dark, concentrated flavors and firm, refined structure.

2022 Vintage

Early season cold events reduced overall crop load, which were followed by delayed summer temperatures and a warm harvest season that gave red wines wonderful intensity and well-resolved tannins.

Tasting Notes

The 2022 Quintessence Vineyard Cabernet Sauvignon offers dark blackberry, cassis, and subtle graphite on the nose. The palate is structured and concentrated, with firm yet polished tannins and a long, focused finish that reflects the intensity of Red Mountain.
